MARY AGAIN.
Mary had a little lamb
Out in the cyclone belt;
A wind came up—then Mary had
A nice, white, woolly pet.
The wind was most un-zephyr-like—
It blew the barn away—
But Mary sold her lamb's wool for
Pure zephyr, so they say.

John W. Carter of Owensboro, Grand Keeper of Records and Seal of the Knights of Pythias of Kentucky, is sending out his annual report of membership by the Lodges for the term commencing January 1, 1903, and ending June 30, 1903. The total membership is now 8,086, with fifteen Lodges yet to be heard from, which will bring the increase for the past term up to about 1,250.

Colonel E. A. Robinson, of the old school of traveling men, who many years ago left the road to manage and control larger affairs—being now President of the Green River Tobacco Company as well as of the E. A. Robinson Cigar Manufactory, one of the largest and most successful in the state—had occasion to visit Ashland, Catlettsburg and Huntington in a social way the other day, and the people of that section were so glad to see him and renew old acquaintance that they actually forced upon him orders of great proportions—15,000 cigars for the E. A. Robinson Company, and 125 boxes of tobacco for the Green River Tobacco Company. Now what do you young bucks of the grip have to say about taking orders?

GOLLENSTEIN—FEDERER.

HAD PLENTY OF MONEY.

Three Hoboes Arrived on C. and O. Train No. 4 Last Night.

Three hoboes, two white and one colored, jumped off of No. 4 as the train neared the C. and O. Depot last night.

They were at once pursued by Officer Senteny and Constable William Rosser, and were caught at Second and Short streets.

The white men were W. S. Piper and R. A. Schwartz, the former having a roll of some \$220 in money.

The colored man proved to be Marcus Alexander, formerly of Maysville but late of Cincinnati. He was armed with a pistol.

All three were landed in Jail until something could be learned of them.

DISGRACE THEIR UNIFORMS!

Some of Captain Watson's Militia in Need of Discipline.

The fact that a man is dressed in the garb of a State Guard does not give him any right superior to the ordinary good citizen.

From the conduct of a few of Captain Watson's men it would appear that they entertain a contrary opinion.

Last night three of them paraded Second street with arms at a right-shoulder-shift and taking up nearly the entire pavement.

At the home of Mr. George Schwartz, his daughter was sitting in a chair and as they passed one of the soldiers named Yarnall jostled her chair in such a manner as to nearly tip it over.

Her father, who was nearby, saw the incident, but noting the semi-drunken condition of the soldiers refrained from remonstrating.

They passed East a few steps and when in front of the Excelsior Bakery, where a peanut roaster occupied part of the pavement and consequently narrowing the passway, they butted into a number of young men, among them Mr. Lowry Orr, whom they nearly knocked through a window. As was natural he protested at such conduct, which caused Yarnall to fly into a passion and grab young Orr around the throat and choke him.

These are facts; now it is up to Captain Watson for action.

NARROW ESCAPE.

Little Four-Year-Old Boy Slightly Injured By a Buggy.

Yesterday evening about 5 o'clock their came near being a fatal accident at the Postoffice crossing.

John Nelson, the four-year-old son of Mr. Pearce Browning, was spending the day with his aunt, Mrs. Dr. P. G. Smoot of Market street.

Being about time his father was accustomed to returning home from his business in the East and the child was at the crossing to meet and greet him.

Just as the car came to a standstill John Nelson started to pass over the crossing.

At the time there was a buggy standing just West of the crossing and several people on the crossway ready to get aboard the car.

At this juncture a colored man driving a buggy came along and forced his way between the car and the vehicle standing near the curb.

Colonel C. L. Rosenham, who was standing near the Postoffice door and witnessed the accident as it occurred, called to the child to warn it of its danger, and who immediately turned to retrace its steps.

Unfortunately, it was too late, the knee of the horse striking the little fellow and knocking him to the ground and the wheel of the buggy passing over his neck.

The buggy was a rubber-tired affair and the child falling in the mud was the means of its escape from serious injury.

There was considerable feeling manifested toward the colored man; but those best informed do not believe he saw the child or knew that any one was in danger. He seemed to be looking in the opposite direction at the time of the accident. He is culpable, however, in that he did not stop when he saw the congestion at the crossing. It is well for his hide that cool-headed men were present and directed the attention of the father to the child, thus giving the colored man an opportunity to drive off.

THE LEDGER rejoices exceedingly that the beautiful, bright child escaped as it did without serious hurt.

As a rule, drivers in general have an erroneous idea in regard to the rights of pedestrians. They seem to think they have the right of way at crossings, when in fact it is just the reverse—pedestrians have the right and not the drivers.

Mrs. Mollie Allen of South Fork, Ky., says she has prevented attacks of cholera morbus by taking Chamberlain's Stomach and Liver Tablets when she felt an attack coming on. Such attacks are usually caused by indigestion, and these Tablets are just what is needed to cleanse the stomach and ward off the approaching attack. Attacks of bilious colic may be prevented in the same way. For sale by J. Jas. Wood & Son, Druggists.

Mrs. L. V. Davis's Fall line of Millinery is now complete.

The Mason county's bloodhounds successfully ran down three Negroes at Elizaville Saturday, who had broken into the home of a widow and stolen \$10 in cash and son provisions. After their arrest one of the Negroes confessed.

Never compare prices without comparing quality; you will find more difference in quality than you will in price. See our monuments and markers before buying elsewhere. MURRAY & THOMAS.

Potent Pill Pleasure.

The pills that are potent in their action and pleasant in effect are DeWitt's Little Early Risers. W. S. Philpot of Albany, Ga., says: "During a bilious attack I took one. Small as it was it did me more good than calomel, blue mass or any other pills I ever took, and at the same time it affected me pleasantly. Little Early Risers are certainly an ideal pill." Sold by J. Jas. Wood & Son.

To Our PUBLIC

In response to repeated inquiries as to when we will move, we make the following statement:

THE NEW STORE—We hoped August 1st would mark that interesting event, but uncontrollable delays about lumber needed for changes in the interior arrangement of the store will postpone the formal opening about two weeks longer. In the meantime the store is open, with some very good bargains to invite you therein.

DOORS CLOSED—When arrangements are nearing a finish, the doors will be closed a few days for readjustment of stock, final decorations and the completion of a delightful surprise, of which more later.

DOORS OPEN—The reopening will be formally announced several days in advance and other interesting details will be given, to make the introduction of Hunt's New Store important and impressive.

THE OLD STORE—The old store will be closed as soon as all business connected with it is fully adjusted. That may be a question only of weeks and it may be much longer. We can speak with no certain voice just now. In the meantime, as long as the doors are open, at Hunt's old location you can count on buying goods cheaper than ever in its 51 years history of good goods at lowest prices.

D. HUNT & SON.

Mrs. Lee B. Gray is very ill at her home in West Second street.

The Christian Church was well filled and chairs had to be brought in to listen to the eloquent and fine discourse delivered by the young Baptist Minister, Rev. H. T. Musselman. The Union meetings are showing that denominationalism is being laid aside in Maysville. Mr. Musselman was at his best Sunday night and his subject, the Brotherhood of Man, made everyone feel the need of more love for his fellow man.

Deafness Cannot Be Cured
By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a running sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
F. J. CHENEY & Co., Toledo, O.
Sold by Druggists, 75c.

BARKLEY'S!

THE BEE HIVE!

A GREAT SALE! PRICES WRECKED! MANY RESCUES!....

There was great excitement at the Bee Hive on Friday, July 31st, when our Third Annual Clearance Sale was inaugurated. There was greater excitement on Saturday, August 1st, and still greater excitement on Monday, August 3d, and greater and greater excitement as each day of this sale sailed on; but the greatest excitement is yet to come. Keep your eyes opened wide and watch this space daily. A woman with one eye can see more bargains at this store than a woman with two eyes looking elsewhere. Every counter you stand by, every aisle you walk through, shows you good, seasonable goods at wrecked prices. We believe we came to your rescue in the right time. Those who cried, "We are unable to buy a new dress," are now walking around in Dame Fashion's newest creations. Your most liberal response was our greatest flattery of this sale. This sale is good for thin purses, and not bad for thick purses.

AND WHAT DO YOU THINK OF THIS?

"Royal" White Waists, your choice 98c. If we have your size we will get you 98c.

Save the Children.
Ninety-nine of every one hundred diseases that children have are due to disorders of the stomach, and these disorders are all caused by indigestion. Kodol Dyspepsia Cure is just as good for children as it is for adults. Children thrive on it. It keeps their little stomachs sweet and encourages their growth and development. Mrs. Henry Carter, 705 Central street, Nashville, Tenn., says: "My little boy is now 3 years old, and has been suffering from indigestion ever since he was born. I have had the best doctors in Nashville, but failed to do him any good. After using one bottle of Kodol he is a well baby. I recommend it to all sufferers." Kodol digests what you eat and makes the stomach sweet. Sold by J. Jas. Wood & Son.

HARD AGROUND.

Maysville Man Catches a Maysville Party in a Pickle.

As reported several days ago the trim little pleasure boat Newt. Cooper is en route up the Ohio with a party of jolly Maysvillians on board for a several days cruise. Another Maysville man took a more rapid way of transit, going in the same direction, and here's how he found the boat and its crew:

Special to Public Ledger.

SPENCER, W. VA., August 9th, 1903.
I have often heard it said in Maysville, that you can go anywhere and see people from Maysville, but I had no idea of meeting or seeing them in the predicament I found some of our good, brave citizens. I had stopped for the night at Ravenswood, W. Va., which lies on the Ohio river, thirty miles below Parkersburg.

Early in the morning the proprietor of the hotel called me and said, "You are from Maysville, Ky., and there are some of your townsmen out on the river, stuck fast on the bar and the Granite State is trying to pull them off." I looked out and saw our pretty little steamer Newt. Cooper trying to pull loose, which, after an all night struggle, she did, much to the joy of the boys on board, some of whom had to strip and wade in.

When the boat came to shore I went down and the boys were as much surprised to see me as I was to see them. I found Captain Con Phister, Captain Cook, Mr. Traxel, Tom Russell and Mr. Cox, all in jolly good spirits, but regretting the time lost. The little steamer came out all right except a few scars, which did not amount to much. As soon as the boys got things righted somewhat, and prepared breakfast, for they had a bountiful supply of good things, they steamed off for Marietta and I lost sight of them.

CAUTION:
This is not a gentle word—but when you think how liable you are not to purchase the only remedy universally known and a remedy that has had the largest sale of any medicine in the world since 1898 for the cure and treatment of Consumption and Throat and Lung troubles without losing its popularity all these years, you will be thankful that we called your attention to Roscoe's German Syrup. There are so many ordinary cough remedies made by druggists and others that are cheap and good for light colds perhaps, but for severe Coughs, Bronchitis, Croup—and especially for Consumption, where there is difficult expectoration and coughing during the nights and mornings, there is nothing like German Syrup. The size has just been introduced this year. Regular size 75 cents. At Henry W. Ray's, next door to Postoffice.

River News

The gauge reads 5.9 at this point and falling.

The Tacoma will be up tonight for Pomeroy.

The Bonanza from Pomeroy will be down tonight.

The Newt, Cooper and crew are up the Little Kanawha having a good time.

Fishing seems to be about the only occupation around here that is overrun with help.

Towboats are busy pushing empties as near headwaters as they can get on the present stage of water.

The little steamer Vincennes is hustling things in the Vanceburg-Maysville trade. She is a daily packet.

The Lizzie Bay is in the Courier's place for a few days. She is carrying a large amount of freight both ways.

The first freshet that comes in the upper tributaries of the Ohio will send out the largest shipment of timber in years.

Navigation at headwaters has been helped considerably by the recent rises out of the Allegheny and Monongahela rivers.

The watermelon crop that is now being handled by river is a large one, any number of skiffs being at the landing every morning.

There is no better shipping point on the river than Maysville. More freight leaves here every day by river than most towns can boast of, while the quantity that comes in sometimes overtaxes the capacity of the large wharves.

Dysentery Cured Without the Aid of a Doctor.

"I am just up from a hard spell of the flux," (dysentery) says Mr. T. A. Pinner, a well known merchant of Drummond, Tenn. "I used one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and was cured without having a doctor. I consider it the best cholera medicine in the world." There is no need of employing a doctor when this remedy is used, for no doctor can prescribe a better medicine for bowel complaint in any form either for children or adults. It never fails and is pleasant to take. For sale by J. Jas. Wood & Son, Druggists.

12 Minutes for Lunch.

That is the average time spent in a large city restaurant by three thousand lunchers. It takes three hours to digest a fresh egg soft boiled. In fact, three hours is about the time required to digest the average twelve minute lunch. The object of the hasty lunch is to let the busy man get back to his office work. But when the brain is active, the stomach is inactive for lack of necessary blood. The natural consequence is indigestion, and indigestion opens the door to many diseases. Indigestion is cured by the use of Dr. Pierce's Golden Medical Discovery, which cures diseases of the stomach and other organs of digestion and nutrition, and enables the perfect digestion and assimilation of food.

\$3,000 FORFEIT will be paid by the World's Dispensary Medical Association, Proprietors, Buffalo, N. Y., if they cannot show the original signature of the individual volunteering the testimonial below, and also of the writers of every testimonial among the thousands which they are constantly publishing, thus proving their genuineness.

"I had stomach trouble from childhood and suffered with it more or less as I grew up," writes Mr. Willis Seaman, of Washingtonville, Oregon, Co., N. Y. "At the age of 25, I was broken down with dyspepsia. My suffering was terrible. Could not eat without distress. Could only eat a few certain things and was not able to work half the time. Everything I tried only gave me temporary relief. My wife finally persuaded me to try Dr. Pierce's Golden Medical Discovery and 'Pleasant Pellets.' I took six bottles of the 'Golden Medical Discovery' and two vials of Dr. Pierce's Pleasant Pellets. I then felt so well that I stopped taking medicine."

"Common Sense Medical Adviser," 1008 large pages in paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

TO ENFORCE THE LAW.

Chief of Police Says Saloon Keepers Must Obey Sunday Law.

There is a bee buzzing, and if there is not a change in the manner of conducting saloons—especially on the Sabbath—some one will get a sting, and a severe one at that. Our big and efficient Chief of Police is getting tired of seeing sign boards—a lookout on the pavement indicating that the door is open and the way clear for entrance.

Church people see these Indians and know their mission. It is mutterings of this better class of people that is causing the Chief to take more drastic measures in future in regard to this Sunday business. People who have had dealings with this gentleman know that when he sets his face in a given direction it is pretty hard to head him off until he is convinced that he is wrong.

Now this warning is a gratuitous contribution by the LEDGER to all and for all—in the saloon business. Will you accept it? We will see.

FOURTH OF JULY!

How the Day Is Celebrated in the Faroff City of Manila.

Mr. Roy Sausley, a Fleming county boy, whose home was at Tilton, and who is now connected with Uncle Sam's Quartermaster Department in the Philippines, in writing to a relative in this city, gives the following interesting account of how the "Glorious Fourth" was celebrated in Manila:

MANILA, July 5th, 1903.

To be sure you have seen the "Glorious Fourth" celebrated quite a number of times, but never, I dare say, with so much pomp and so much noise and so much of a I-don't-care-this-is-a-holiday expression as they have in this battered old town. I have heard that San Francisco celebrates with more zeal than any city in the whole of America, and as I spent three "Fourth's" there I can easily believe every word of it, but really Manila has San Francisco "skinned to death." You see we have 250,000 Filipinos here to help us, and if there is one thing your Filipino would rather do than sleep, it is to have a holiday. After the Filipino comes some forty-odd thousand Chinese, and their love for fire crackers and noise is only equalled by their love for opium. And after these come Spaniards, English, French and the Lord only knows how many others, including 8,000 Americans, who are reckless on that day. Now you can wager your hope of seeing St. Louis in 1904 that we everlastingly celebrate for that one day, because with dodging cholera, smallpox, bubonic plague and a score of lesser troubles, we are none of us sure that we'll be on earth the next one. I can't hope to tell you of the parade and the "spell-binding" and the tournament and the music—about fifty bands—and the dust and the heat and the fireworks and the crowd, but I can tell you that to see the Fourth in all its glory and as Thomas Jefferson intended it should be, you must come to Manila.

Not Over-Wise.

There is an old allegorical picture of a girl scared at a grasshopper, but in the act of heedlessly treading on a snake. This is paralleled by the man who spends a large sum of money building a cyclone cellar but neglects to provide his family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a safeguard against bowel complaints, whose victims outnumber those of the cyclone a hundred to one. This remedy is everywhere recognized as the most prompt and reliable medicine in use for these diseases. For sale by J. Jas. Wood & Son, Druggists.

"The Longer I Live, The More I Get."

This is unusual. The earning capacity of a man generally begins to decrease with years. But the above quotation was written of a policy of life insurance in The Mutual Life Insurance Company of New York. It is the striking sentence in a letter of satisfaction written by Mr. Ebe Walter, concerning a dividend received on a Fifteen-Year Distribution policy. The entire letter which appeared in the Wilmington (Del.) News, November 21, 1902, is interesting and the policy of insurance referred to is still more so.

In writing for terms on a policy of this kind, state what you would like to receive in cash at the end of limited payment period, amount you would like your beneficiary to receive in event of your death, and give your age.
